

The image shows the Windows Defender Security Center application window. The title bar at the top reads "Windows Defender Security Center" and includes standard window controls (minimize, maximize, close). On the left is a dark sidebar with icons for a menu, home, shield, heart, network, and settings. The main content area has a dark background. At the top, it says "Your device is being protected." Below this, it lists scan dates: "Last threat scan: 1/31/2017", "Last threat definition update: 2/1/2017", and "Last health scan: 1/31/2017". The bottom section features five status tiles, each with a blue icon, a green checkmark, and a title: "Virus & threat protection" (shield icon), "Device performance & health" (heart icon), "Firewall & network protection" (network icon), "App & browser control" (checkmark icon), and "Family options" (family icon). Each tile also includes a status message: "No action needed.", "No action needed.", "Firewall is on.", "No actions are needed_z", and "Manage how your family uses their devices." respectively. A gear icon is located in the bottom-left corner of the window.
