

2016 AVERAGE SOFTWARE ENGINEER SALARY ADJUSTED FOR COST OF LIVING IN SAN FRANCISCO

North America

Asia-Pacific

Europe

San Francisco's rising prices continue to make it an expensive option, even when compared to other historically pricey US cities. When you adjust for cost of living, the average software engineer salary in New York and Los Angeles have seen an 8% and 14% increase in their purchasing power relative to San Francisco over the last year.
