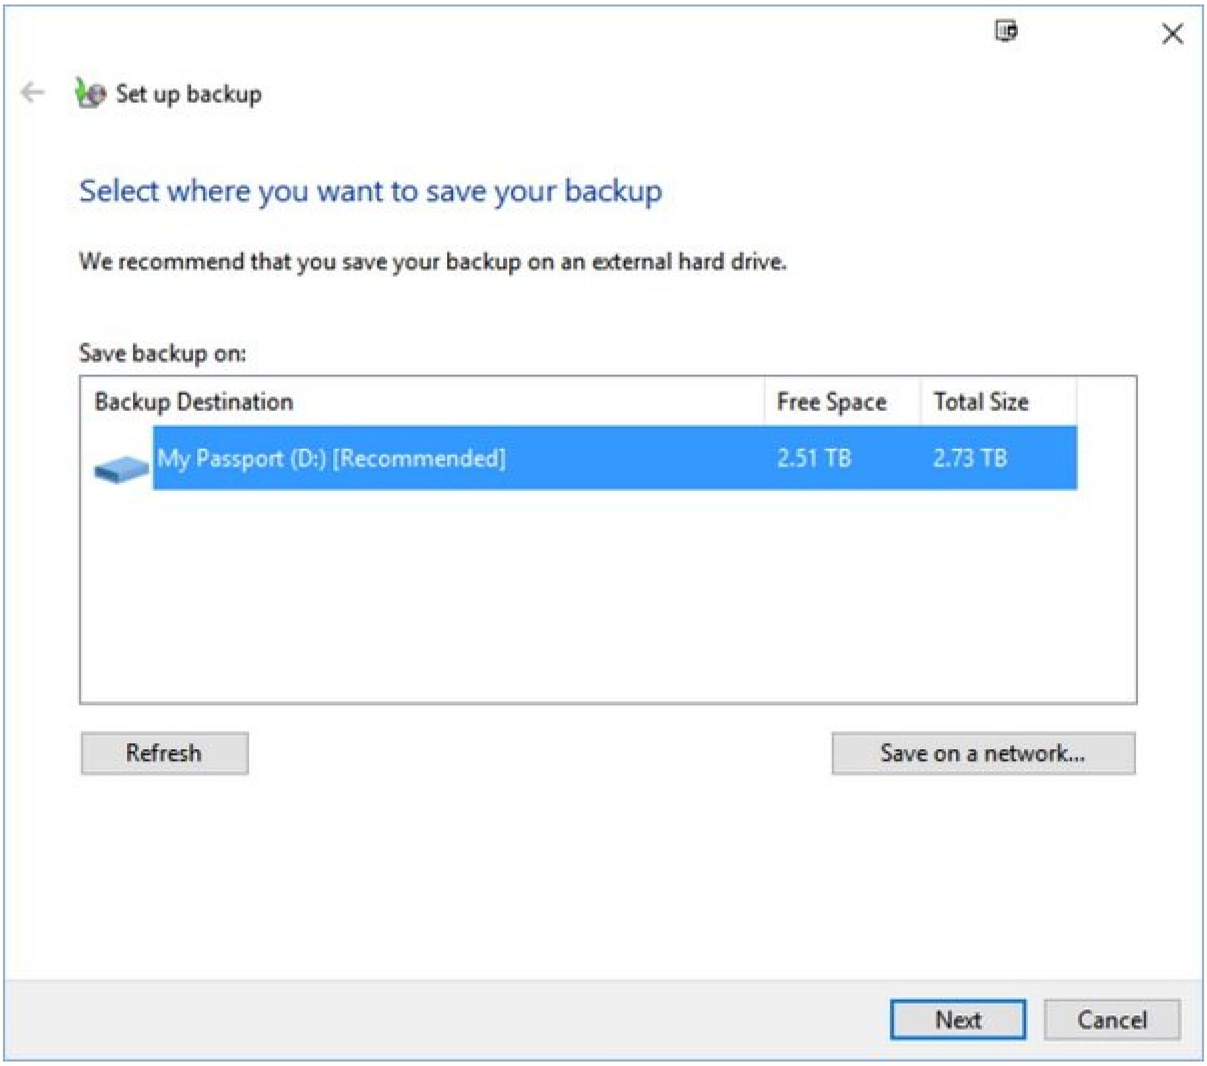
Back up or restore your files

Windows Backup has not been set up.

Windows could not find a backup for this computer.

3. [illegible] Save on a network [illegible].



Set up backup

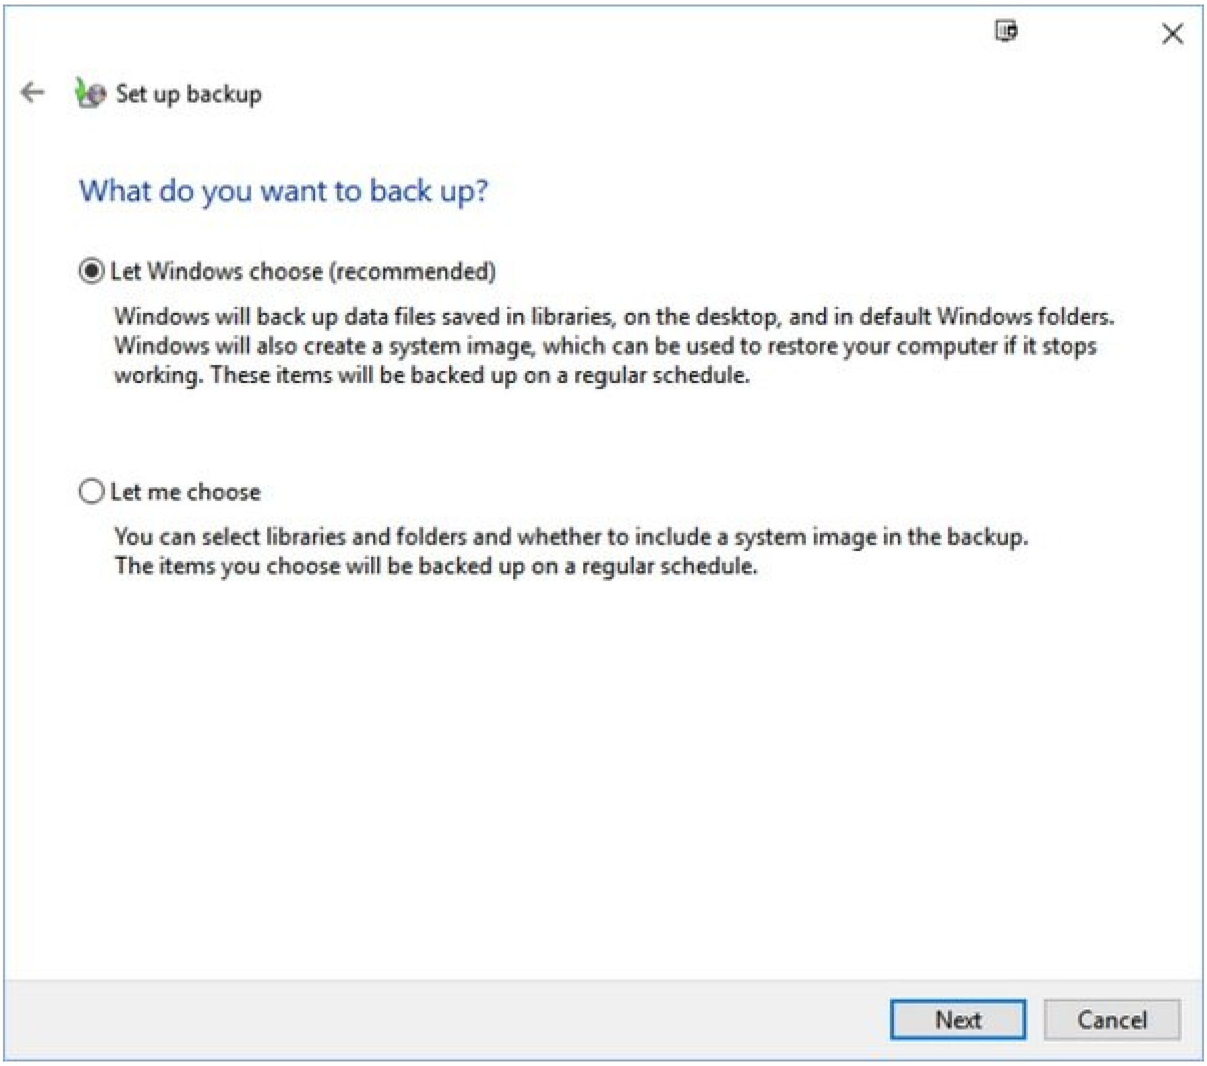
Select where you want to save your backup

We recommend that you save your backup on an external hard drive.

Save backup on:

Backup Destination	Free Space	Total Size
My Passport (D:) [Recommended]	2.51 TB	2.73 TB

4. [illegible] user [illegible].



Set up backup

What do you want to back up?

● Let Windows choose (recommended)

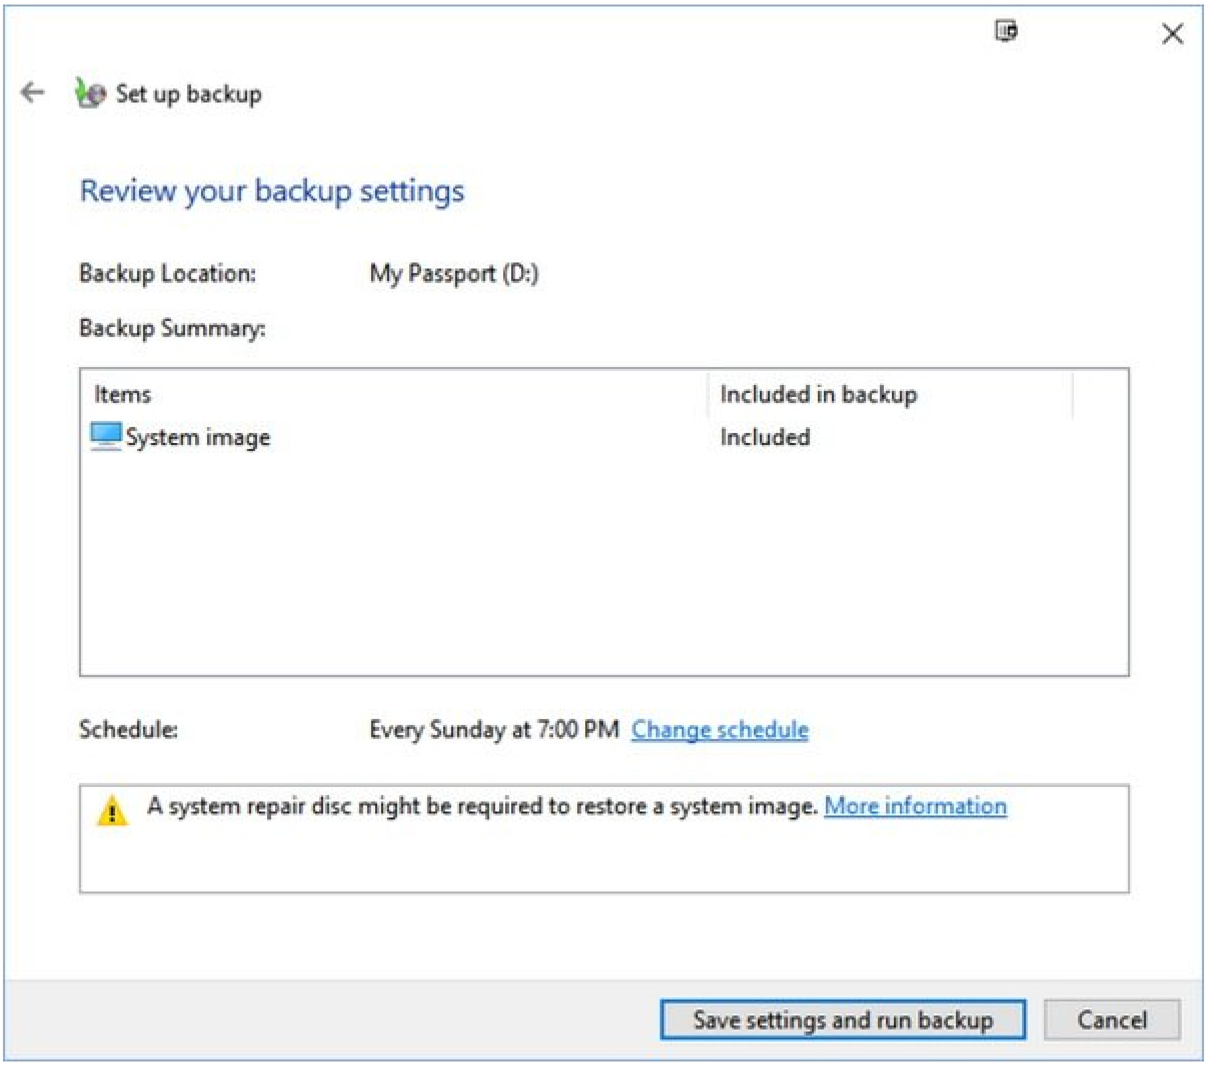
Windows will back up data files saved in libraries, on the desktop, and in default Windows folders. Windows will also create a system image, which can be used to restore your computer if it stops working. These items will be backed up on a regular schedule.

○ Let me choose

You can select libraries and folders and whether to include a system image in the backup. The items you choose will be backed up on a regular schedule.

[illegible] Let me choose [illegible] File History [illegible]

5. [illegible] Save settings and run backup [illegible]



Set up backup

Review your backup settings

Backup Location: My Passport (D:)

Backup Summary:

Items	Included in backup
System image	Included

Schedule: Every Sunday at 7:00 PM Change schedule

A system repair disc might be required to restore a system image. More information
