

The image shows the Windows 10 S logo, which consists of the four-pane Windows icon followed by the text "Windows 10 S". The background is a solid blue color with a faint, glowing Windows logo in the upper right corner.

10

Windows 10 ISO files are available on the MSDN website. You can download the ISO file from the MSDN website and create a recovery drive. The recovery drive can be used to reset or troubleshoot problems if your PC can't start. If you back up system files to this drive, you'll also be able to use it to reinstall Windows.
