Windows 10

Windows 10 is a major update to the Windows operating system. It introduces a new interface, called the Start menu, which is designed to be more intuitive and easier to use. The Start menu is located in the bottom-left corner of the screen, and it contains a list of apps and files that you frequently use. You can also use the Start menu to search for apps and files, and to manage your settings. Windows 10 also includes a new feature called Cortana, which is a personal assistant that can help you with tasks like setting reminders, checking the weather, and finding files. Windows 10 is available for a variety of devices, including PCs, tablets, and smartphones. It is also available for download from the Microsoft Store. Windows 10 is a free operating system, and it is available to all users who have a valid Windows license. Windows 10 is a major update to the Windows operating system, and it is a great choice for anyone who wants a more intuitive and easier-to-use operating system.
