- **Caller ID** (Caller Identification): This feature displays the phone number of the incoming caller on the recipient's screen. It is useful for identifying unknown numbers and avoiding spam calls.
- **Call Forwarding**: This feature allows you to redirect incoming calls to another phone number. It is useful for ensuring that you can be reached even when you are away from your primary device.
- **Call Blocking**: This feature allows you to block specific numbers or entire areas from calling you. It is useful for preventing harassment or unwanted calls.
- **Call Transfer**: This feature allows you to transfer an ongoing call to another phone number. It is useful for routing calls to the appropriate department or agent.
- **Call Waiting**: This feature allows you to receive notifications when a second call is coming in while you are already on a call. It is useful for managing multiple calls simultaneously.
- **Call Log**: This feature provides a record of all incoming and outgoing calls, including the number, time, and duration. It is useful for tracking call history and identifying patterns.
