- Home (Home) screen is the main screen where you can see posts from people you follow.
- Recent Pictures (Recent Pictures) "Recent Pictures" screen is where you can see photos of people you recently interacted with.
- Poll feature allows you to create a poll on your post or story.
- Share button (bottom right) allows you to share your post or story to other apps or your story.
- Next button (bottom right) allows you to see the next post in the feed.

The Instagram app is a social media platform that allows users to share photos and videos with their friends and followers. It is one of the most popular social media apps in the world. The app is available on both iOS and Android devices. The main screen of the app is the Home screen, which shows a feed of posts from people you follow. You can also see posts from people you recently interacted with in the Recent Pictures section. The app includes various features such as filters, polls, and the ability to share posts to other apps or your story.
