The image displays two side-by-side screenshots of the 'Google Drive backup' settings screen in WhatsApp. Both screenshots show the top status bar with signal, Wi-Fi, airplane mode, and battery icons, and the time 21:00 or 21:01. The left screenshot is titled 'Google Drive backup' and features a green header. Below the header, there's a green cloud icon and the text 'Back up your messages and media'. A paragraph explains that backups are made to Google Drive for safety. The 'Select a backup frequency:' section has four radio button options: 'Daily', 'Weekly', 'Monthly', and 'None'. The 'Google Account' section shows 'None selected' with a gear icon. At the bottom is a 'DONE >' button. The right screenshot also has a green header. It starts with 'Select a backup frequency:' and has four radio button options: 'Daily' (which is selected), 'Weekly', 'Monthly', and 'Never'. Below this, the 'Google Account' section shows '@gmail.com' with a gear icon. The 'Include videos' section shows '367MB to be uploaded' with a checked checkbox. A note at the bottom states: 'You can change these settings at any time in WhatsApp Settings > Chats and calls > Chat backup.' The bottom of the right screenshot also has a 'DONE >' button. Both screenshots have a black navigation bar at the very bottom with back, home, and recent apps icons.
