It would be great if we could compile a list of what each website is about and maybe some images. Those who can get onto the websites, please reply and post a picture so I can add it to this comment.

[/u/black_kitsune](#) kindly provided a link to a website that features information about some of the North Korean websites: <http://www.northkoreatech.org/the-north-korean-website-list/>

Here's a list of all the websites and what they are in case you can't visit the link at the top:

- <http://airkoryo.com.kp> - Air Koryo. A flight ticket website.
- <http://cooks.org.kp> - Korean Dishes. Culinary website with recipes.
- <http://friend.com.kp> - Friend. A website for making friends?
- <http://gnu.rep.kp> - National Unity. A sort of religious group or well-being group.
- <http://kass.org.kp> - Korean Association of Social Scientists. Not sure, but I think it's an education website for both school and adult education courses maybe.
- <http://kcna.kp> - Korean Central News Agency. Yet another news website.
- <http://kiyctc.com.kp> - Korean International Youth and Children's Travel Company. I guess a travel company of both youth and children.
- <http://knic.com.kp> - Korean People Total Insurance Company. Insurance company.
- <http://koredufund.org.kp> - Korea Education Fund. Appears to be a charity to increase the quality of education.
- <http://korelcfund.org.kp> - Korea Elderly Care Fund. A charity for the elderly.
