ReadySHARE Printing

Print Sharing for Windows PCs and Mac Computers with a USB Printer

How It Works?

Step 1: Connect the USB printer to the router's USB port with a USB printer cable.

Step 2: Install the USB printer driver software on each computer that will share the printer.

Step 3: On each computer that will share the printer, download the NETGEAR USB Control Center utility from http://www.netgear.com/readyshare.

Follow the instructions in the utility to connect to the printer from your computer and print.
