

-
- A large, stylized gold coin with a geometric design and Persian text, surrounded by many smaller, real gold coins. The central coin features a complex, interlocking geometric pattern within a hexagonal frame, surrounded by a decorative border. Below the pattern, there is Persian text in a calligraphic script. The background is filled with numerous smaller, real gold coins, some of which show the profile of a person, likely a historical figure, and the year 1357.
