

Windows 10 的 Controlled Folder Access 功能，可以防止惡意軟體或應用程式未經許可而修改您的檔案。在 Windows 10 的 Windows Defender Security Center 中，您可以啟用或停用此功能。此外，您也可以針對特定的應用程式或檔案類型設定例外情況。

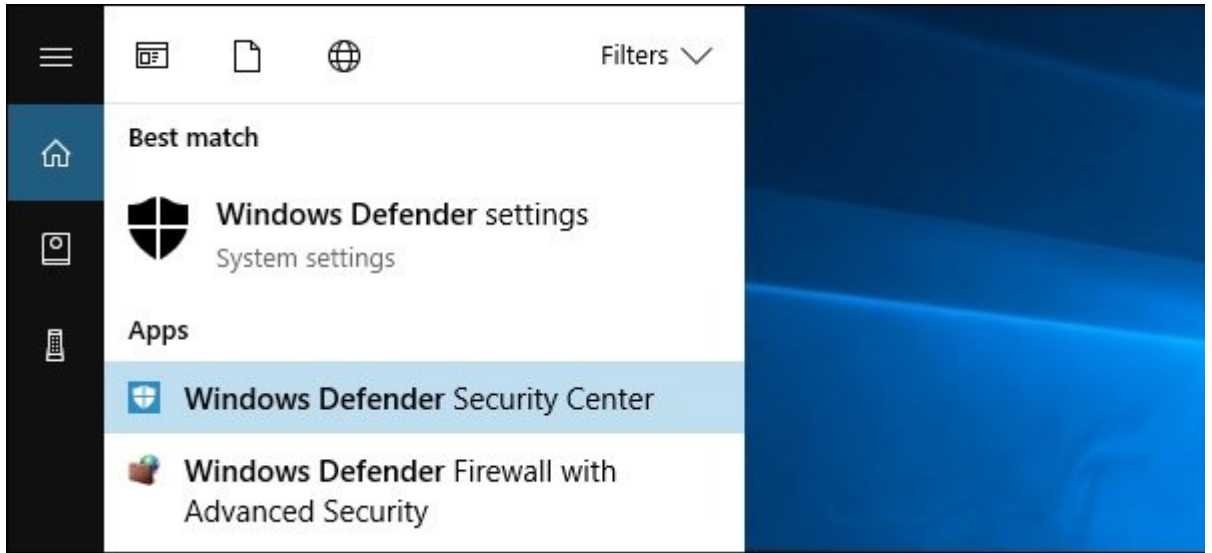

Controlled Folder Access 功能是在 Windows 10 的 Fall Creators 更新中引入的。此功能旨在防止惡意軟體或應用程式未經許可而修改您的檔案。您可以在 Windows Defender Security Center 中啟用或停用此功能。此外，您也可以針對特定的應用程式或檔案類型設定例外情況。

如果您希望防止惡意軟體或應用程式未經許可而修改您的檔案，建議您啟用 Controlled Folder Access 功能。如果您需要允許特定的應用程式或檔案類型進行修改，您可以針對這些應用程式或檔案類型設定例外情況。

Controlled Folder Access 如何運作

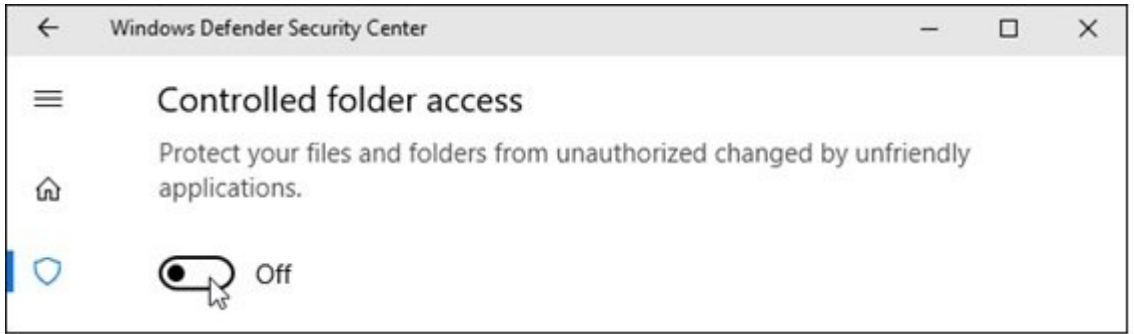

Controlled Folder Access 功能是在 Windows Defender Security Center 中啟用的。當您啟用此功能後，Windows Defender 將防止惡意軟體或應用程式未經許可而修改您的檔案。如果您需要允許特定的應用程式或檔案類型進行修改，您可以針對這些應用程式或檔案類型設定例外情況。

Virus & threat protection settings

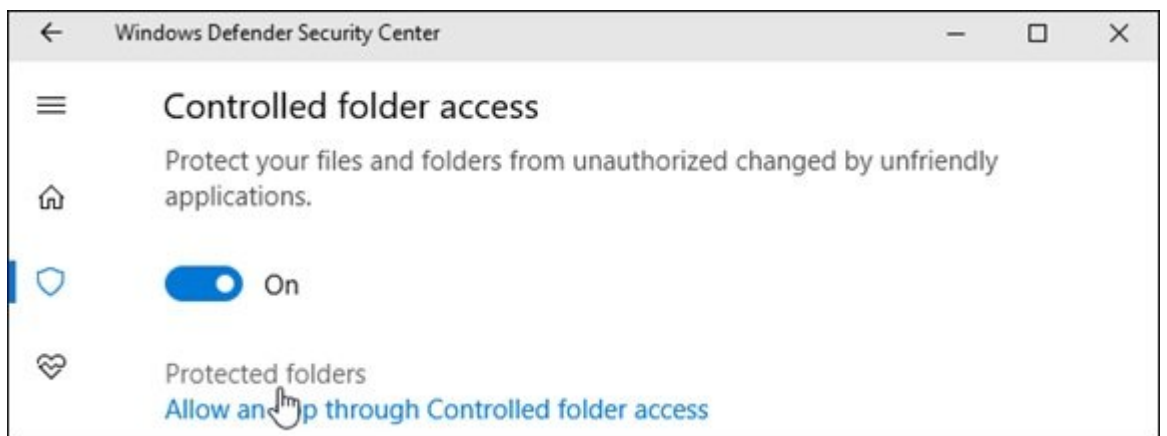

On Controlled folder access User Account Control

Controlled folder access is currently turned off.

Controlled folder access is a feature that helps protect your files and folders from unauthorized changes by unfriendly applications. It is currently turned off. To turn it on, click the toggle switch. Once it is turned on, you can click on "Protected folders" to see a list of folders that are protected by default. You can also click on "Add a protected folder" to add additional folders to the list.

Controlled folder access is a feature that helps protect your files and folders from unauthorized changes by unfriendly applications. It is currently turned on. You can click on "Protected folders" to see a list of folders that are protected by default. The list includes Favorites, Documents, Pictures, Videos, Music, and Desktop. You can also click on "Add a protected folder" to add additional folders to the list.

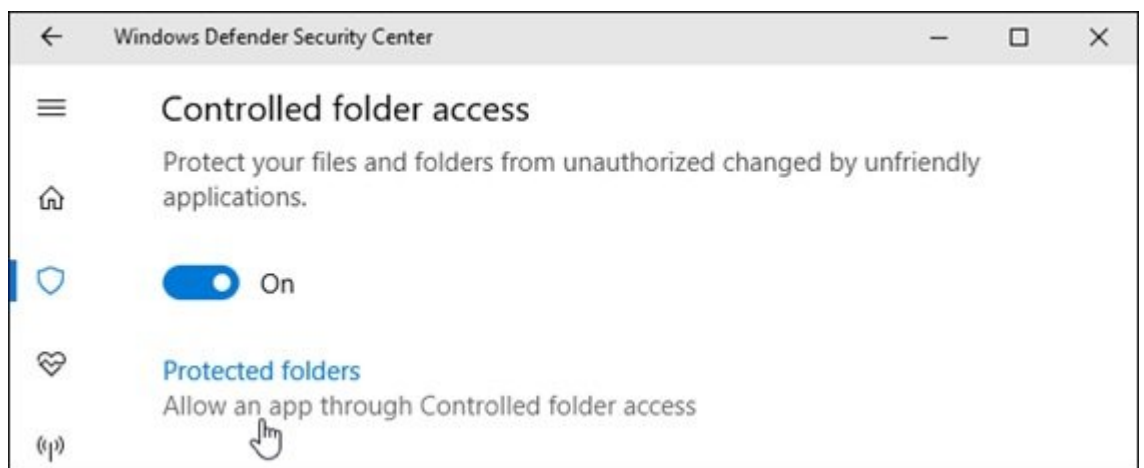

Windows Defender Security Center에서 (Unauthorized changes blocked) 알림을 해제하는 방법

Windows Defender Security Center에서 (Unauthorized changes blocked) 알림을 해제하는 방법은 다음과 같습니다. 이 알림은 Controlled Folder Access가 작동하는 동안, C:\Program Files\gedit.exe와 같은 프로그램이 %userprofile%\Documents 폴더에 변경을 시도할 때 발생합니다. 이 알림을 해제하려면 Windows Defender Security Center의 Virus & threat protection settings에서 'Allow an app through Controlled folder access'를 선택해야 합니다.

(Unauthorized changes blocked) 알림을 해제하는 방법은 다음과 같습니다. 이 알림은 Controlled Folder Access가 작동하는 동안, C:\Program Files\gedit.exe와 같은 프로그램이 %userprofile%\Documents 폴더에 변경을 시도할 때 발생합니다. 이 알림을 해제하려면 Windows Defender Security Center의 Virus & threat protection settings에서 'Allow an app through Controlled folder access'를 선택해야 합니다.

이 알림을 해제하려면 Windows Defender Security Center의 Virus & threat protection settings에서 'Allow an app through Controlled folder access'를 선택해야 합니다. 이 설정은 Windows Defender Security Center의 Virus & threat protection settings에서 'Allow an app through Controlled folder access'를 선택하여 해제할 수 있습니다.
