A person is seated in a black office chair at a long wooden desk in a dimly lit room. The desk is cluttered with various pieces of electronic equipment. On the left, there is a large monitor on a swivel stand displaying a blue-tinted image, and a smaller CRT monitor next to it. In the center, a CRT monitor displays a bright blue screen. To the right, another CRT monitor shows red text on a black background. A large, glowing blue rectangular light source is mounted on the wall behind the desk. The room has a textured, patterned wall and a dark floor. The overall atmosphere is mysterious and high-tech.
